50-50
Kristine Witherow
won \$23

March 24th Meeting

Lisa Conklin from SPCA Adams County provided an excellent program on the SPCA and its need for new members and financial support. She reminded the Rotarians that it is the only shelter in Adams County and provides many services for the County such as unwanted and stray animals. They have very limited government support, less than \$25,000 of a total budget of \$500,000. They rely mostly on memberships and donations from groups such as Rotary. The biggest current need is for a surgical facility for altering the animals. On April 19 they will be conducting the annual Loyalty Walk.
